Product Description

Carp Fishing Bait Boat with 500M Remote Control Full Function Controller

Description

1. The product comes with a 3-axis gyroscope, which ensures that the ship automatically calibrates the course and does not drift when traveling
2. Built-in silent double motor double propeller, efficient energy conversion, full of power
3. The hull adopts double motor design and two independent nesting silos, which can be operated independently respectively
4. The design of the toughness anti-fall buffer net under the motor can effectively prevent the interference of the propeller of the sink miscellaneous pile
5. Two white lights in the bow and two lights in the stern can show the profile, which is more effective and convenient for night vision
6. Remote control distance: 400-500 meters
7. Battery capacity: 7.4Vx5200 mA
8. Material: ABS engineering plastic
9. Size: 510x267x172mm
