- **Gigantic Capacity:** 2,160 Wh capacity with an output power of 2200W, which can support 4400W Surge Peak Power, powering all your imaginable appliances including hot plates, electric heaters, air conditioners and more. It's the perfect solution for home emergency use and outdoor off-grid activities, including camping or RV.
- **More than Fast:** It can be fully charged with 6 SolarSaga 200W solar panels in only under 2.5 hours, and in just 2 hours via an AC wall outlet, and charged via car port.
- **Safe and Reliable:** The first-rate lithium battery houses two chips for dual battery protection and four temperature core detectors, guaranteeing the perfect blend of safe and reliable charging. Taking safety to the very next level.
- **Power on the Go:** The 43 lb (19.5 kg) power station features a foldable handle design for a comfortable on-the-go experience. With a simple press of a button, access to outstanding charging efficiency becomes available in seconds.
- **5-Year Warranty & Long Service Life:** A 3-year warranty on regular purchases, plus an additional 2-year extension if purchased directly from the Official Website. Up to 8 years of service life (according to a frequency of using twice per week).
